

Call for Special Session

11th International Conference on Intelligent Human Computer Interaction
(IHCI 2019)

Call for papers for Special Session on Representation & Transfer Learning in Vision & NLP

Coordinator: Dr. Krishna Pratap Singh

Venue: Indian Institute of Information Technology, Allahabad, Uttar Pradesh, India.

Conference Dates: 12 to 14 December 2019

Submission Link: <https://easychair.org/conferences/?conf=ihci2019>

This special session will bring together experts from the Machine learning, Computer Vision & Natural Language Processing communities in an attempt to highlight recent works that contribute to address recent challenges. This will include contributed papers and invited lectures. The special session provides an informal, cutting edge platform for discussion of work in progress and future directions. It will help to crystallize common problems, explicitly contrast competing frameworks, and clarify essential questions for a subfield or application area. Focus will be on How representation Learning and Transfer learning are useful in Vision and NLP.

We invite submissions on **any aspect of Representation & Transfer Learning that relates to Computer Vision & NLP**. The special session will include contributed papers. Based on the review process (same as that of IHCI 2019) outcome, some quality accepted and presented papers in the special session will be included (published) in the Proceedings of IHCI 2019. Other novel contributions based on ongoing research may be invited for Oral presentation only.

Submission Deadline: 30 October 2019

Notification to Authors: 10 November 2019

Jointly Organized By: Indian Institute of Information Technology Allahabad (IIITA) and Indian Institute of Technology Jodhpur (IITJ)
